WILLIAMSTOWN

Mr. and Mrs. Philip Lawrence of Massachusetts, P. Q., have lately visited at the home of Joe P. Decoteau, Jr.

The old red meeting house, just over the hill on the Chelsea road, in which no services have been held for several years, has been sold to Rev. William N. Roberts. The structure will be taken down and the material used for other building purposes.

Methodist church, Oct. 15.—The Hon. Frank Plumley of Northfield will speak in this church on Sunday morning at 10:45. Sunday school following the service. Union evening service in the Congregational church. Will all members of the quarterly conference take notice that Supt. R. F. Lowe will be here on Saturday, the 14th, to hold the second quarterly conference. Time, 7:30 p. m. Place, the church vestry. Epworth league Tuesday at 7:30; leader, Miss Lena Seaver. Prayer meeting on Thursday evening, led by Rev. Jesse A. Martin.

Solid Rock chapel, Foxville.—You are invited to attend the preaching service to be held in this church on Sunday afternoon, beginning at 2:30 p. m. Rev. G. W. Keeling of Williamstown will preach.

The public library has just received from the soil improvement committee of the National Fertilizer association of Baltimore, Md., a series of interesting pamphlets dealing with the best methods of raising various grains and vegetables. Different kinds of soils, best methods of preparing the seedbed, kind of seed, insect pests and how to combat them are among the topics treated and there are separate pamphlets on all the important crops. Among these are alfalfa, corn, oats, potatoes, wheat, winter wheat, canners crops, etc. Ask to see these at the library.

The Gleaner class of the Congregational church met at the home of Mrs. Leon E. Poor last week on Wednesday evening and elected the following officers: President, Dorothy Call; secretary, Alice Wright; treasurer, Persis Wilford. After the business meeting, refreshments of hot chocolate, popcorn and toasted marshmallows were served.

Miss Margaret Kanaly of Montpelier is visiting her aunt, Mrs. George E. Wilber.

Congregational church—Tercentenary Sunday Oct. 15: morning worship and sermon, "Pilgrim Founders and Present-day Builders." Sunday school at 12 m; union service at 7:30. C. E. meeting on Tuesday evening at 7:30, topic, "Public Spirit and How to Cultivate It."

WEAK, AILING CHILD

Made Strong by Delicious Vinol

Lakeport, N. H.—"Our little girl, 8 years of age, was in a debilitated, run-down condition and had a stubborn cough so that she was weak and ailing all the time. Nothing helped her until we tried Vinol. Then her appetite increased, and she is strong and well, and I wish other parents of weak, delicate children would try Vinol."—Geo. A. Collins.

This is because Vinol contains the tissue-building, strengthening elements of beef and cod liver peptones, iron and manganese peptones, and glycerophosphates, which a weak and run-down system needs. Red Cross Pharmacy, Floyd G. Russell, Prop., Barre; also at the leading drug stores in all Vermont towns.—Adv.

PROBLEMS
PRESENTEDWashington Finds Them in
Latest Phases of Sub-
marine WarfareMORE FACTS
ARE WANTEDDetailed Accounts by Four
Commanders of the
Steamers Sunk

Washington, Oct. 13.—Government officials yesterday were pondering the question of whether the United States shall acknowledge the raid of the German war submarine U-53 on allied shipping off Nantucket last Sunday as legal.

The problem was considered of great importance not only in its relation to that particular raid, but because of the probability that it will establish a precedent affecting possible future submarine rife forays of similar nature.

Much foresight was being given to potential developments, such as that German undersea boats might be able to extend their operations to such an extent as to effect practically a blockade of American ports.

It was also possible that the allied powers might decide to press harder their claim that entry to American ports should be denied to all underwater craft of belligerents.

Resting on the determination of this nation's attitude toward the work of the U-53 is the matter of soliciting indemnities for American cargoes lost with the sunken ships.

Only if the ships were sunk illegally may claims be entered.

The navy department was making efforts to expedite the report of Rear Admiral Knight on naval phases of the raid and the state department was particularly interested in the evidence to be had concerning the submarine's arrangements for saving crews and passengers of ships it sunk.

This is being gathered from commanders of the United States destroyers which picked up boats from the victim vessels.

The navy department yesterday received a report from Rear Admiral Knight at Newport, giving detailed accounts from the commanders of four of the steamers sunk by the German submarine. Naval officials refused to comment upon its contents and it will be transmitted to Secretary Lansing for study in connection with the determination of the policy of the United States. The report was written by Admiral Knight's aide, who took statements from the commanders of the unken vessels.

While no immediate steps are in contemplation for the actual establishment of a naval neutrality patrol along the Atlantic coast as a result of the submarine raid, the navy department has completed a definite plan to be put into operation if the campaign continues.

The entire destroyer force, active and reserve, assisted by light cruisers, navy tugs and other auxiliary craft, would be employed to protect American territorial waters and prevent establishment of any secret bases ashore or communication between shore radio stations and belligerent craft. The possibility of mobilizing the force of privately owned motor boats along the coast which have been enrolled with their crews as a part of the naval reserve, was first considered, but various obstacles were encountered.

Naval militia officers and men already have been assigned to reserve ships for service if necessary. New York reported that an American destroyer circled the steamer Munamar several times off shore yesterday, but steamed away when the Munamar showed the American flag.

CABOT

Mr. and Mrs. E. P. Walbridge were guests of L. S. Taber and other relatives in North Calais last week.

Mr. Ella Smith of Plainfield was a visitor at Burr Sidith's last week.

as seen by Filene experts

HATS The main thing to keep in mind is that hats are simple—so simple they take an artist to make. Velvet is the one most wanted material, and already it is scarce in the wanted grades and colors. What a good opportunity to say we have plenty!

Many colors—Here is a list according to their importance: purple, taupe, gold, silver, Burgundy, Hessian blue, flag blue, midnight blue, rose des alpes, cherry red, brown, black—all sizes.

SUITS Soft wool velours and broadcloth are the most wanted materials—whether one pays \$25 or \$225. The fur-trimmed suit is the favorite—the favorite furs are the short-haired kinds, especially mink and Hudson seal.

Many suits-coats are longer, to be sure—so much longer that some can be worn as separate coats. But short coats are good also; that is to say, coats that come to the finger tips or within an inch or two. Suit collars are generally of the big, convertible sailor type. Women want colored suits—Burgundy, purple, brown, taupe, green, as well as blue and black.

BLOUSES First comes Georgette crepe in the new suit colors or in white and pink; then crepe de chine, plaids and stripes, and laces.

The coat waist with a peplum that is worn outside the skirt keeps coming over from Paris in new versions. It is one of the best of the new ideas.

COATS Bolivia cloth is supreme as far as coats are concerned. Silk plushes are coming, velours are very, very good and, we may add, exceedingly practical. Mixtures and broadcloth hold their own.

Colored coats are the rule—Burgundy, taupe, brown, green, purple, with blue and black as after thoughts.

Coats are mostly of the motor-coat type—long, loose, full—Coats are beautiful this season.

Filene Books that will help you

This is the Filene store in Boston—probably the largest store in America devoted to the personal outfitting of women, children and men. This store has many unique features and is one of the sights of the city.

ANY OR ALL of these three Filene books will be sent you gladly, FREE OF CHARGE, upon your request. Please say which ones you want. Merchandise ordered from them will be delivered free of charge and satisfaction guaranteed or your money returned.

Address Mail Service, Wm. Filene's Sons Co., BOSTON

BOOK A is a Style Book showing some of the new models in suits, coats, dresses, waists and hats for women and young women over 14 years of age. Styles in these garments change so frequently we cannot promise to fill orders from this book after November 1. Other Style Books will be issued from time to time.

BOOK B covers the many Filene Juvenile Shops, showing clothes for boys and girls from infancy up to and including 14 years of age. Every mother will be interested in the many pretty and uncommon styles shown by the famous Filene Baby Shops. Orders for goods shown in this book will be filled up to March 1.

BOOK C contains pictures and descriptions of some of our more staple merchandise, such as gloves, hosiery and knit underwear for men and women, aprons, house dresses, petticoats, corsets and brassieres, toilet goods, maids' and nurses' uniforms. We will undertake to fill all orders received for merchandise shown in this book during the next six months.

ORANGE

Miss Bertha Avery of Corinth is stopping a few days at Harle Whitecomb's.

Mrs. Nellie Magoon and Mrs. Arthur Magoon were in Barre Monday on business.

E. N. Peake has rented his farm to D. E. Richardson. Mr. Richardson took possession Monday. Mr. Peake left the same day for Bristol, Conn., where he has employment.

Miss Lula Thompson spent part of the week in Barre visiting friends.

Friday night, Sept. 20, there will be an open grange meeting. Everyone is invited to attend. All past members please be present. Ladies please bring cake.

Don't forget that there will be service at the church Sunday. Everyone

should make an effort to come while the warm weather lasts.

ACUTE AND CHRONIC
RHEUMATISM

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is a specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; others have found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. E. Schultze expresses the opinion of thousands of practitioners when he says that anti-kamnia tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are also unsurpassed in headaches, neuralgias and all such. Ask for A-K Tablets.
